Mr. Barlow,

Thank you for your generous discount on the security cages for our air conditioners. Having had five units stolen in one month, we were greatly in need of protection from future losses. Though we had not given up on the goodness of people (since God has not), your efforts to help make our situation better reminded us that God blesses us through other people, who like you demonstrate compassion and caring for others.

Your compassion and caring came with a cost: your discount of \$99 on each of the eighteen units saved our church \$1,782 on the overall expense. Thank you for your donation!

God's Blessings,

Rev. Charles D. May, Pastor
